

IFA / AFG JOINT NATIONAL CONFERENCE - SPEAKERS' LIST

Author / Presenter(s)	Session	Title / Topic
INVITED SPEAKERS		
ER Kenneth (Singapore Botanic Gardens)	Plenary 1 - Forests for healthy cities and people	
AUTY Kate (ACT Commissioner for the Environment)	Plenary 1 - Forests for healthy cities and people	
WILLIAMS A/Prof Kathryn Williams (Environmental Psychology, University of Melbourne)	Plenary 2 - Forests for healthy people	
SCHIRMER A/Prof Jacki (Uni of Canberra Health Research Institute)	Plenary 2 - Forests for healthy people	
SIMSON Fiona (President, National Farmer's Federation)	Plenary 3 - Forests for healthy farms and people	
McCORMACK Greg (Chair, Australian Forest Products Association; Chair, Midway)	Plenary 3 - Forests for healthy farms and people	
YOUL Rob (Landcare Network)	Plenary 3 - Forests for healthy farms and people	
DAVIS Gordon (President, Greening Australia)	Plenary 3 - Forests for healthy farms and people	
Concurrent Focus sessions 1, 2 and 3		
Urban Forestry: Living Infrastructure		
KEIRNAN Catherine (ACT GM Climate change policy)	Focus Session 1	Developing Canberra's living infrastructure strategy
GRAY Adrian (Instit. Of Landscape Architects)	Focus Session 1	Greening the city
ROWLINSON David (Planet Ark)	Focus Session 1	Why wood is good for health, wellbeing and productivity
RAYNER Laura (ACT Parks and Conservation)	Focus Session 1	Urban forest meets threatened parrot
Farm Forestry: Carbon Focused		
SMITH Dr Hilary (Latitude Forest Services)	Focus Session 2	To be confirmed
BULINSKI Dr James (GM CO2 Australia)	Focus Session 2	To be confirmed
O'BRIEN Dr Nick (New Forests)	Focus Session 2	To be confirmed
RYAN Zoe (Manager, Carbon Farming Compliance, Climate Friendly) & DOWNIE Robert	Focus Session 2	Is carbon the tipping point between short and long rotation plantations? A financial analysis of carbon returns under the CFI Plantations Method.
Next Generation Plantations Investment Discussion Panel		
BULL Dr Lyndal (Uni Melbourne)	Focus Session 3	How can we improve farm forestry?
KEENAN Prof Rod (Uni Melbourne)	Focus Session 3	
ANDERSON Dr Nerida (Uni Melbourne)	Focus Session 3	
DE FÉGELY Rob (Margules Groome Consulting)	Focus Session 3	
PARRY-HUSBANDS Howard	Focus Session 3	
JENKIN Braden	Focus Session 3	
SWINGLER Jeff (MD Verdance)	Focus Session 3	
PRICE Tony (CEO Midway)	Focus Session 3	
DUNNING Gary (The Forest Dialogue)	Focus Session 3	

Contributed Paper Concurrent Sessions 1 to 5

Session 1: Forests for healthy cities and people		
BRACK A/Prof Cris and GHAZALLI Jasmin	Session 1	Competition for space: where else can you put the green in a green city?
DARGAVEL Dr John	Session 1	Trees in our everyday life
JACKSON Dr Bill	Session 1	Healthy nature healthy people – an e-toolkit for land and sea managers
VAN DER KALLEN Dr John	Session 1	Forestry and Doctors for the Environment Australia (DEA)
PARKER Dr Matt	Session 1	Tree replacement strategies in urban landscapes
Session 2: Forests for healthy farms and people (Farm Forestry - Making it work)		
REID Rowan	Session 2	Australian farm-forestry: a pretty-ugly oxymoron?
MACKEY Daniel and NEIL Cameron	Session 2	Blending old & new for a viable, sustainable agroforestry industry: cooperative businesses, impact bonds and blockchain opportunities
MENDHAM Dr Daniel <i>et al.</i>	Session 2	Quantifying the benefits of agroforestry for agriculture
MARAIS Zara <i>et al.</i>	Session 2	Using natural capital accounting to build a business case for trees on farms
LANGDON Peter <i>et al.</i>	Session 2	Happy and healthy; benefits and challenges of recreation in ACT's forests
Session 3: Forests for healthy cities and people (Urban Forestry)		
BRACK A/Prof Cris	Session 3	Keeping urban forests healthy through diversity in species, strata and age
YEE Dr Marie	Session 3	Can a landscape approach designed for production forests be applied to the urban and agroforestry landscape
LOTT Dr Rosemary and JACOBSEN Rohan	Session 3	Australian Aboriginal and Torres Strait Islander involvement in forests and their management
MELVANI Kamal	Session 3	Forest gardens provide multiple household benefits and are resilient to rainfall variability
Session 4: Forests for healthy farms and people (Practical Farm Forestry)		
McGRATH Dr John <i>et al.</i>	Session 4	Integrating high value mahogany plantations and agricultural systems in northern Australia
RITSON Dr Peter <i>et al.</i>	Session 4	Biodiverse sandalwood reforestation for healthy farms and people
GOULTER Ken C <i>et al.</i>	Session 4	Encapsulated dry herbicides: An environmentally friendly way to control trees
PALMER Dr Graeme	Session 4	Twenty Six years since the NFPS and are we any closer to plantation hardwood production?
To be confirmed	Session 4	
Session 5: Biosecurity for Healthy Forests		
TOVAR Paco	Session 5	Introduction
BURGESS A/Prof. Treena	Session 5	Pathogens on the move: A 100-year global experiment with planted eucalypts
CARNEGIE Dr Angus J <i>et al.</i>	Session 5	The risks and costs of exotic pests to Australia's forest industry, conservation forests and amenity trees
PEGG Dr. Geoff	Session 5	High risk site surveillance – developing methods to improve detection and response to exotic forest pests
TOVAR Paco	Session 5	Towards a coordinated Australian forest biosecurity surveillance program
